ANNOUNCEMENT:

The South Georgia Regional Library is currently searching for a new director. As a Library and Information Science professional, we would like to make you aware of this valuable career opportunity.

South Georgia Regional Library is a vibrant organization serving a wide spectrum of community needs. This six branch system spans Lowndes, Lanier, and Echols Counties and serves approximately 113,000 individuals in South Georgia. Forty percent of all residents have a PINES card showing their support of the South Georgia Regional Library system. In the past three years the library has seen a 31% surge in computer usage and a cumulative 21% growth in circulation.

Working for the South Georgia Regional Library will give an individual the opportunity to make a lasting impact on the community. The region is changing rapidly and the library is at the forefront of that growth. The Regional Board of Trustees is currently working on a building project to replace the current main facility and the new director will play an integral role in this endeavor.

Applicants must possess a MLIS and have at least eight years of professional experience in a library with a minimum of five years of experience supervising a system-wide department or branch library. Please see the attached job description for more information.

If you are interested in applying for the director's position, please send your résumé to the South Georgia Regional Library Search Committee: 300 Woodrow Wilson Dr. Valdosta, GA 31602 or digitally to search@sgrl.org.
