## President's Corner

Bruce Wheeler 2012 President

As the new president of UTRA, I have spent a fair amount of time recently thinking about our organization and especially about how UTRA can best serve its members. Most of these semi-organized

musings compared our generation of retirees with the generation of our grandparents and the needs of each generation.

If our grandparents lived long enough to retire (a male born in the United States in 1900 had an average life expectancy of 48.3 years, a female of 51.1 years), their lives general were sedentary, often spending their last years living with one of their children. After the passage of the Social Security Act in 1935, most of those over 65 had modest pensions but probably no other income. Health care for the most part was a family affair, with adult women providing much of the "doctoring."

Today the picture is dramatically different. Retirees usually are in better health than their grandparents at the same age, have a considerably longer life expectancy, have Social Security and (for UT retirees) either a Tennessee state pension or TIAA-CREF, or occasionally both. They are far more mobile, are considerably more physically and intellectually active, and usually live in their own homes or in one of the many retirement communities that are springing up all over the USA.

So how can UTRA best serve our generation? For one thing, it seems to me that the most important service it can perform is as a *source of information*. For example, it is almost certain that health care for seniors is going to change very soon – and dramatically. UTRA, along with experts in the Office of Human Resources, can provide crucial information that will help new and long-time retirees make informed decisions. Also, UTRA can offer social services that many of us look forward to and enjoy: picnics, trips, luncheons, informative and entertaining speakers, etc.

How can UTRA best serve YOU? Let us know, either by e-mailing one of your board of directors or phoning our office at 974-4341.

And enjoy! This is what we worked so hard for.

Bruce Wheeler, UTRA President

## Renovations at the University Libraries

Interviews with Dean Steve Smith and Execuitve Associate Dean Rita Smith By Pauline Bayne

Dean of Libraries, Steve E. Smith, tells us that this summer's major reconstruction of the second floor of Hodges Library "is the most extensive renovation we have done to any single floor of Hodges since the building re-opened in 1987. The funding came from central administration—the provost and the chancellor. Their support is a great vote of confidence in the Libraries and a reflection of the great work our librarians and staff do every day to support and enhance the teaching and research missions of the university."

#### The Commons in 2011-12

The Dean continued, "I think of this project as an exercise in building on strength. The Commons has really made Hodges the main street and the crossroads for the university. This project will update finishes and furnishings for most if not all of the second floor, strengthen our many partnerships, amp up our learning and research support services, open up more spaces, install more group study rooms, and in general make the library better and more accessible for everyone."

Executive Associate Dean, Rita Smith, identified the major changes the students will see upon completion of the renovation.

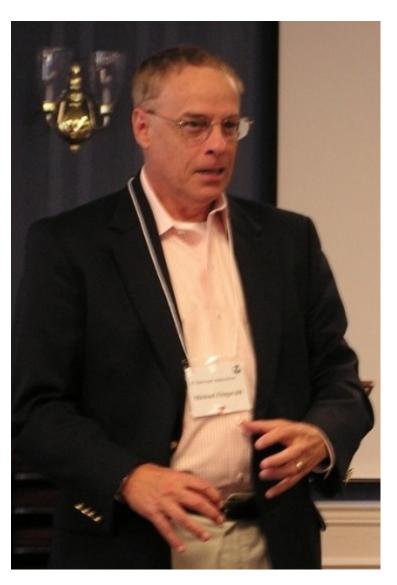

- Additional group study rooms there will be 12 new rooms built all along the windows on both north and south commons.
- Spaces dedicated to academic support such as the Student Success Center and other tutoring services.
- Greater integration of the Studio into the commons, creating increased visibility for the services offered in this media production laboratory. Additions include sound editing and video editing rooms designed specifically for that purpose.
- Adding specialized collaborative furniture / equipment called **Media: scapes** (photo below).
- Centralization of service points to increase efficiency—for instance all equipment will be checked out at one desk from Studio equipment to laptops in South Commons. Research consultation will be next to the customer service point (Circulation) at the Melrose entrance. All OIT Help desk and computer support services will be together in the North Commons.

#### SPRING LUNCHEON SPEAKER, Dr. Michael Fitzgerald

On May 24, around 90 UTRA members and spouses attended a luncheon at the Baptist Center West on Westland Drive. Catered by Buddy's, the buffet offered plenty of chicken and barbeque for all. After plates were cleared Mike Betz introduced the guest speaker: Dr. Michael a first-rate and Fitzgerald, popular professor in the Political Science Department. In his remarks, Fitzgerald offered his opinion on the contemporary American political scene and on the coming fall elections. A good time was had by all.

#### Summer Picnic, continued

Our third annual "pot-luck picnic" in the Victor Ashe Park was held on July 17th for the enjoyment of fine food, fellowship and music. Over 30 of us gathered to greet and eat in the cool breezes under the high canopy of the park shelter. After lunch, our own Jim Ward (banjo) and his friend Dot Kirby (guitar) treated us with their talents, and Dot led us in two "sing-alongs".

## REMEMBER: Farmers' Market at UT Gardens

The farmers market is open from 4:00 - 7:00 pm every Wednesday night through October.

### UTRA Membership Dues

Please renew your UTRA membership! The fiscal year for the association runs from May 1 through April 30. It is the policy for UTRA not to send individual invoices for annual dues renewal. Instead, a reminder membership application and а are published here in the UTRA Newsletter, and it is up to YOU to remit dues. Most members are life members! However, if you currently pay annual dues, please consider becoming a lifetime member. It is so easy! Just complete the application form on this page.

Help us to encourage all new retirees to join and participate in UTRA. Every member needs to promote our organization to friends and former colleagues now retired from UT.

PLEASE remember to let us know if your address, email address, and/or telephone number changes.

New retirees receive the Newsletter and invitations to all social events for their first year of retirement.

#### **Email or Snail Mail?**

Please call 974-6506 or email <u>UTRA@utk.edu</u> to change the way you receive the *UTRA Newsletter*.

**VOLUNTEER AS A STAFFER!** We need volunteers for our office at 232 UT Conference Center Bldg. Duties are varied, so your talents will help. Call 974-6506 to sign up!

Renovations at the University Libraries, continued

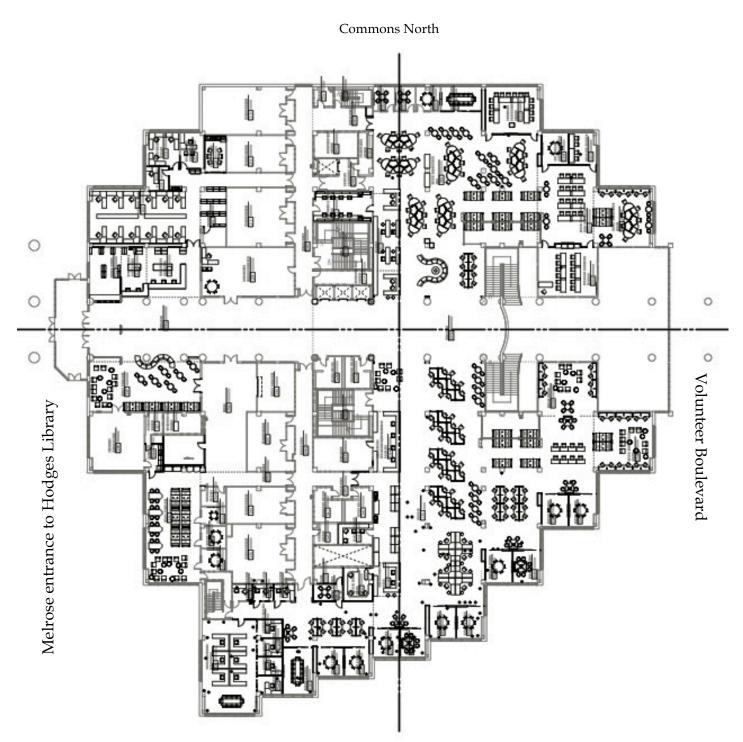

- More open vibrant spaces...Starbucks will now open into the Melrose area to enhance a cafélike atmosphere at our entrance. The wall between 245 and Commons South has come down to view windows to windows from south to north
- Use of commons as a real world test environment for new learning concepts, services, and technologies we have become a space where educators can test new furniture and equipment as technology impacts pedagogy.

See page 11 for the new Commons layout

Even more renovations are planned for Hodges Library. Let's celebrate these wonderful improvements! And watch for a grand re-opening of the new Commons.
