# EPA Clean Power Plan

Tuesday, August 26, 2014 1-5 pm Toyota Auditorium

Howard H. Baker Jr. Center for Public Policy - 1640 Cumberland Avenue Knoxville, Tennessee

Presented by

University of Tennessee Howard H. Baker Jr. Center for Public Policy  
Tennessee Department of Environment and Conservation (TDEC)  
Tennessee Valley Authority (TVA)

In June 2014, the EPA issued proposed guidelines under Section 111(d) of the Clean Air Act, which would regulate carbon emissions from existing power plants. EPA expects to issue the final guidelines in June 2015. States will submit implementation plans for compliance within a year following the issuance of the final guidelines. This forum focuses on Tennessee and the Southeast region and addresses some of the questions and concerns being voiced about the proposed guidelines, including potential impacts and compliance approaches.
