

David L Nieland

Subject: Biological Science Technicians (Forest Ecology)

Summer Employment Opportunity!

Come work among the Giant Sequoias!

Sequoia-Kings Canyon Field Station (USGS) is currently searching for interested applicants for summer Biological Science Technicians (Forest Ecology) positions.

Pay: GG-5 (approx. \$15.49/hour)

Location: Three Rivers, California

Examples of Duties:

Measure forest demographics, including measuring trees and seedlings and determining cause of death. Resurvey White Pine Blister Rust plots. Gain knowledge and experience in ecological research, identifying Sierran trees, and forest pathology.

Up to 6 positions will be filled. Positions are full-time, start in approximately mid-May, and will last about 5 months. Need bachelor's degree or equivalent education and experience. Some field work experience required. Want people with some biological coursework and experience, an interest in forest ecology, who want to work outdoors, and who like to work in small teams and get along easily with others. Housing available for rent. Must be a US Citizen in order to qualify.

For more information, call Anne at (559) 565-3172 or e:mail at ahpfaff@usgs.gov.

If interested: e:mail a cover letter, resume, list of references, and unofficial transcripts to:

Anne Pfaff at ahpfaff@usgs.gov

To be considered, please send information by January 31st.
