

David L Nieland

Subject: Adjunct Instructor position for Biology of Fishes at the Oregon Institute of Marine Biology

Adjunct Instructor - Biology of Fishes - Oregon Institute of Marine Biology

The University of Oregon's Institute of Marine Biology maintains a pool of applicants for temporary instructional position for an upper division undergraduate Biology of Fishes course during the Institute's summer session (June 20 - August 12). Position will be part-time, temporary, limited duration appointments with the possibility of renewal for up to a total of three years at the discretion of the hiring authority and taking into consideration need, funding and/or performance. Applications will be accepted on a continuous basis and pool will remain active through October 31, 2016. Screening of applications will take place as positions become available and continue until positions are filled. A Ph.D. with strength in marine biology is required for all positions. Information on the Institute's summer session is at oimb.uoregon.edu/

To apply, send curriculum vitae and names of three references to:
