

Subject: Opening for Horticulture Technician at UC-Irvine

The School of Biological Sciences, University of California, Irvine is recruiting applicants for the position of Horticulture Technician at the UC-Irvine Arboretum (<http://arboretum.bio.uci.edu/>), a teaching and research facility on the Irvine main campus.

Job duties include overseeing the maintenance of 12.5 acres of grounds and exhibits, with special attention to plantings grown for teaching, research and restoration. Job duties also include maintaining the UC-Irvine Herbarium, consisting of ca. 35,000 vascular plant collections from the western United States. The Horticulture Technician will work closely with research and teaching faculty and undergraduate and graduate students from the School of Biological Sciences and other campus units. Competitive applicants should have excellent leadership and organizational skills and a BS or MS in the biological sciences with an emphasis in plant care, or equivalent experience.
