

David L Nieland

Subject: Director of Natural Science at the Nantucket Maria Mitchell Association

The Nantucket Maria Mitchell Association (NMMA), located on Nantucket Island, Massachusetts, is looking for an enthusiastic and experienced candidate to run its aquarium and natural science museum, oversee associated programs, research and activities, and be the public face of the NMMA's natural science department. Candidates should embody the NMMA's motto of "Explore, Educate, Enjoy." Ideal candidates will have exceptional organizational and interpersonal skills. Responsibilities include stocking and operating 1,500 gallons of seasonal salt water aquarium displays, overseeing a 10,000 specimen natural history collection, facilitating year-round ecological research, managing an array of exciting family fieldtrip programs, and supervising seasonal interns and volunteers.
