**Subject:** TRB's From Sail to Satellite- Delivering Solutions for Tomorrow's MTS Conference Due March 7th

**TRB is currently accepting abstracts for presentation at the 4th Biennial TRB-CMTS Research and Development Conference: From Sail to Satellite: Delivering Solutions for Tomorrow's MTS being held June 21-23, 2016 in Washington, DC.**

**Abstracts are due by March 7, 2016 and can be submitted at the following site:**  
<https://precis2.preciscentral.com/Link.aspx?ID=CCDBC92FA0B5EC33>

**Attention University Students:**

This year the 4th Biennial TRB-CMTS Conference will provide up to \$500 for domestic travel support and one complimentary registration to three full-time students under the age of 35 to participate in a Student Honor Panel on June 23rd. Decisions will be determined by the conference planning committee based on abstracts from eligible students.

\*Restrictions may apply. Contact Brittney Gick ([BGick@nas.edu](mailto:BGick@nas.edu)) for more information.\*

For registration, program, and hotel information, visit the [conference website](#). Register by April 13 to take advantage of the reduced Early Bird rate.

This conference will serve as a forum to examine emerging and innovative technologies and practices in maritime transportation and waterways management. The conference is designed to foster partnerships between federal, state, private sector, and academic institutions with a shared interest in technological innovations and improved performance of the Marine Transportation System. Topics addressed will include asset management; performance measures; innovative technologies and materials; safety and security; environmental stewardship; navigation technology; human factors; cybersecurity/cybersafety; resilience; data management; and infrastructure investment.

We look forward to seeing you in June!

Sincerely,  
Transportation Research Board
