Natural Res. Spec II (Dist. Res. Mgmt. Assistant), Wage, Open Until Filled

Pocahontas State Park located in Chesterfield, VA has an immediate opening for the following wage position:

Natural Resource Specialist II (District Resource Management Assistant)

District Resource Management Assistant – Incumbent will assist the District Resource Specialist with implementation of resource management projects across State Park District 4, which includes Bear Creek Lake, High Bridge Trail, Holliday Lake, Pocahontas, Powhatan, Sailor’s Creek Battlefield, and Twin Lakes State Parks. The position will be based at Pocahontas State Park in Chesterfield County, Virginia. Position will require daily travel and occasional overnight travel.

Primary duties will be to assist resource management staff in performing resource management activities including water quality monitoring, invasive species treatment, prescribed burns, vegetation surveys, permanent monitoring plot establishment, trail design and construction, monitoring for insect pests, wildlife management, and long term land management planning and implementation. Position will also provide state park/system-wide support in data management using ESRI ArcMap 10. This position will also be responsible for supervising a crew of three or more individuals working to build new trails and repair existing trails, as well as complete other natural resource related projects.

Wage positions are limited to working 1500 hours in a 12 month period from May 1 to April 30. No benefits are associated with wage positions.

Please review DCR’s intranet or internet page for more information about this position.

A signed and dated Virginia Application for Employment form must be submitted to:
