

## David L Nieland

---

**Subject:** Lecturer, Wildlife Biology, Texas State University

Agency: Texas State University

Location: San Marcos, Texas

Job Category: Faculty appointments

Website: <http://www.bio.txstate.edu/>

Salary: Competitive and commensurate with education and experience

Start date: September 1, 2016

Last day to apply: Open until filled

**Description:** The Department of Biology at Texas State University invites applications for an academic year (9 month), non-tenure track position at the level of lecturer within the undergraduate Wildlife Biology program. At the moment, the position is limited to one year. Our new colleague will teach lecture and field-based courses in Wildlife Management, Wildlife Management techniques and Wildlife and Recreation.

Required qualifications are an earned Ph.D. in wildlife or related areas, and expertise in the area of wildlife management or wildlife ecology. Preferred qualifications include teaching experience in graduate and undergraduate field-based courses in wildlife programs.

We seek a dedicated teacher and mentor that can effectively interact with students from diverse backgrounds and career goals.

A letter of application with statements on teaching philosophy, CV, and the names and contact information of three people willing to serve as references should be sent as a single PDF to Dr. Dittmar Hahn, Chair of the Department of Biology (<<mailto:dh49@txstate.edu>>[dh49@txstate.edu](mailto:dh49@txstate.edu)). Review of applications will begin May 5th, 2016 and will continue until the position is filled.
