

Save the dates!

Planning is currently underway for the 4th International Symposium on Ranaviruses which will take place from June 7th to June 10th, 2017 in the beautiful city of Budapest, Hungary. The venue of the meeting is the historical campus of the University of Veterinary Science, in the heart of the city of Pest. The meeting will include a joint day with the 10th International Symposium on Viruses of Lower Vertebrates (ISVLV), which will take place from June 4th to 7th. Field trips are planned at the end of the meeting, with excursions to nearby local nature reserve areas.

Check out the conference website at <http://www.rana-2017.com/> and please note the following important dates:

Early Bird registration starts from 1st October 2016

Early Bird registration ends on 31st January 2017

Regular registration starts from 1st February 2017

Abstract submission starts from 1st November 2016

Abstract submission ends on 15th March 2017

We look forward to welcoming you in picturesque Budapest. Please, forward this message to your colleagues and friends who might also be interested in the topic. Thank you!
