

From: Guy Ziv
Subject: Postdoctoral Position in Earth Observation and Cultural Ecosystem Services - University of Leeds

Dear all,

As part of a large Horizon 2020 ECOPOTENTIAL project, aimed at improving the use of Earth Observation for managing Protected Areas, we opened a Research Fellow position at the University of Leeds. The project will be using remote sensing, social data (e.g. Flickr, Citizen Science) and possibly collected field data to assess cultural services and recreational values and use.

This is a 100% full-time position until 31 May 2019 at the University of Leeds. Applications are accepted until 11/12/2016 with a start date early 2017.
