

From: David Inouye
Subject: Graduate student opportunity: University of Idaho - McCall Outdoor Science School

1. Graduate Student

2. University of Idaho - McCall Outdoor Science School

3. McCall, Idaho

4. The McCall Outdoor Science School is a program of the University of Idaho's College of Natural Resources. The School and its partners foster scientific literacy, enlightened leadership and open-minded dialogue through graduate and professional education, youth science programs, seminars, conferences, and leadership development initiatives.

5. Students who satisfy all criteria listed below will be considered for graduate admission to the University of Idaho's College of Natural Resources and the McCall Outdoor Science School:

- a. Have a bachelor's degree from a college or university accredited by a regional accrediting association. If the degree is from a recognized but not regionally accredited institution, the application will be reviewed by the department and by the College of Graduate Studies.
- b. Have an undergraduate grade point average of 3.00 or higher for the last 60 semester credits (or 90 quarter credits) or an undergraduate cumulative grade point average of 3.0 or higher.
- c. Have maintained at least a 3.0 grade point average in subsequent academic work, if any.
- d. Have been reviewed and recommended for acceptance by the department administering the program in which the student seeks to enroll.

6. The graduate student will provide field-based environmental education programs to the youth and citizens of Idaho at the McCall Outdoor Science School (MOSS).

7. Students can earn a Master of Natural Resources from the University of Idaho's College of Natural Resources in as little as one year.

8. Work-study opportunities and financial aid are available.

9. A complete application file contains:

- A. Three letters of recommendation. These can be sent by you along with your other application materials OR they can be sent directly by the letter writer to Graduate Admissions via email or regular mail to the address below.
- B. 1-2 page statement of career objectives entitled "The McCall Outdoor Science School" that addresses the following:
 - a. How does the MOSS program support your personal, academic, and professional goals?
 - b. How has your personal, academic, and professional experience prepared you for the MOSS program?
 - c. Describe your community living experience and philosophy.

- C. A formal writing sample from your undergraduate coursework/research. This will be used to assess formal/technical writing skills and abilities.
- D. A 1-2 page curriculum vitae/resume
- E. An official transcript from all institutions attended. These should be sent directly from the institution itself.
- F. Priority deadline is January 15.
