

HYDROLUNTEERS

Hy • drau • lun • teers

[Wednesday, January 25th]

General Body Meeting V

Join us to learn about the benefits of becoming a Hydrolunteer, followed by a presentation from Monash University (Australia) professor David McCarthy about his research focusing on the harvesting and reuse of urban stormwaters, greywaters and wastewaters.

Spring Semester Meeting Dates → Jan 25 / Feb 22 / Mar 22 / Apr 19

Find us on

We are a water and environment focused club aiming to bring together people with diverse backgrounds who share common interests.
