

**From:** David Inouye  
**Subject:** Postdoc: Groundwater Ecohydrology with DHS in Reno

---

An opening for a Postdoctoral Fellow, Groundwater Ecohydrology with DHS in Reno has been posted to <http://jobs.dri.edu>. This position is open to DRI and the public, to ensure full consideration all applications should be received by March 16, 2017.

Attached is a flyer for the position that can be sent to colleagues, listservs or potential applicants that you may know of. It is in our best interests to attract as large and diverse a pool of applicants as possible; simply posting ads in various places and waiting for people to apply may not be sufficient. If you need color copies for a meeting or conference you are attending, please let me know and HR will get those together for you.

Thank you all very much for your help!

Joanne Huston, SPHR, CEBS
