

**From:** Siegert, Courtney  
**Subject:** M.S. Assistantship in Forest Hydrology at Mississippi State University (Courtney Siegert)

---

I am seeking a highly motivated MS student to join the Forest Hydrology and Soils Lab in the College of Forest Resources at Mississippi State University (Starkville, MS). The student will conduct research in the discipline of forest hydrology with specific attention to the interface between the atmospheric environment and the forest canopy in a simulated bark beetle mortality experiment. The student will participate in extensive field research at the nearby John W. Starr Memorial Forest in addition to laboratory work in the Forest Hydrology and Soils Lab on campus. The prospective student should possess enthusiasm for field work, strong analytical and communication skills, and attention to detail. The desired start date is June 2017, but August 2017 will also be considered. Financial support is available for two years, including a stipend, tuition waiver, and health insurance.

If interested, please contact Dr. Courtney Siegert at [courtney.siegert@msstate.edu](mailto:courtney.siegert@msstate.edu) and provide (1) a cover letter discussing interest in the research and applicable background experience; (2) a CV; and (3) unofficial transcripts and/or GREs. Review of applications will begin February 1, 2017.

Further information about the Forest Hydrology and Soils Lab can be found at [www.siegert-hydrolab.com](http://www.siegert-hydrolab.com).
