REU Opportunity Summer 2017: "Research Experience for Undergraduates in Chihuahuan Desert Biodiversity"

The University of Texas at El Paso (UTEP) Department of Biological Sciences invites applicants for the NSF sponsored Research Experience for Undergraduates (REU) in Chihuahuan Desert Biodiversity. This is a 10 week summer program. The goal of this program is to protein undergraduate students with experience in hypothesis-driven collaborative research utilizing field based and/or laboratory methods and fully engage students in projects associated with the ecology and evolution influencing Chihuahuan Desert biodiversity.

- The program provides:

   High quality research experience in ecology and evolutionary biology in the field and/or lab
  Research opportunities at the Indio Mountains Research Station (IMRS), a 40,000 acre facility controlled by UTEP
   One-on-one and group mentoring from active research faculty in multidisciplinary fields
   Training in bioethics and other relevant professional skills

- The program includes:
   \$5250 stipend for 10 weeks
   Housing in shared apartments and field station
   Travel reimbursement of up to \$600
