Subject: Job Opening in GIS

Visiting Director of the Geographic Information Systems Lab
Environmental Studies at the University of Illinois at Springfield

The Department of Environmental Studies (ENS) at the University of Illinois at Springfield seeks a Visiting Director for our GIS Laboratory. This is a full-time, 12-month academic profession (non-faculty) position that will begin 16 August 2018. Candidates must have a graduate degree, doctorate preferred, and be able to teach fully online courses. Anticipated teaching load is an introductory remote sensing (online) in Fall 2017, graduate level GIS (online) and graduate level research methods (on-campus) courses in Spring 2018, and an online course in Summer 2018 (multiple options possible). This position will also conduct occasional 1 to 2 day workshops on-campus for the Springfield community and assist with student and faculty research that involves GIS and spatial analysis. To apply send a letter of application, vitae, transcripts (unofficial are acceptable; official copies will be requested from selected candidate), and contact information for the thesis or dissertation advisor, or other person who can speak directly to the candidates knowledge of GIS, to ens@uis.edu. Finalists will be asked to give a short teaching demonstration in a recorded online format. Because of the timing of this announcement and the beginning of our fall semester, we will be moving quickly. Applications will be reviewed as received, and we hope to complete this expedited search by the end of July. Please send questions to the ENS chair, Dennis Ruez, Jr. (druez2@uis.edu).

Located in the state capital, the University of Illinois at Springfield (UIS) is one of three campuses of the University of Illinois. The UIS campus serves approximately 5,400 students in 22 graduate and 30 undergraduate programs. UIS is an affirmative action / equal opportunity employer with a strong institutional commitment to recruitment and retention of a diverse and inclusive campus community. Persons with disabilities, women, and minorities are encouraged to apply.
