

**From:** Patrick Crumrine  
**Subject:** Job: Instructor/Assistant Professor, Rowan University, Geography, Planning, and Sustainability, 3/4-Time Temporary

---

Position: Instructor/Assistant Professor, GIS - 3/4-Time Temporary

Department: Geography, Planning, and Sustainability

**Description:**

The Department of Geography, Planning and Sustainability in the School of Earth and Environment at Rowan University invites applications for a ¾ time temporary position for academic year 2017-2018. The successful candidate will teach a total of 12 credits over two semesters. In addition to teaching responsibilities, the successful candidate will provide technical support to the department's GIS teaching and research initiatives, and make contributions to the function of the department that may include, but are not limited to, advising student research, developing program assessment materials, analyzing assessment data, and providing career and graduate school information to undergraduates. The Department is seeking a faculty member to teach introductory and upper-level geospatial courses, possibly including GIS, Remote Sensing, Spatial Database, and Web GIS electives related to their expertise. We seek candidates who have demonstrated effective teaching and have experience with spatial data management and technology, who can contribute in meaningful ways to the department.

**Minimum Qualifications:** Masters degree or ABD in Geography, GIS, Planning, Environmental Science/Studies or related area. Applicants with a Ph.D. in one of these fields will receive the strongest consideration.

**Starting Date:** September 1, 2017

**Salary:** Competitive

Interested candidates should submit a cover letter, curriculum vita, statement of teaching philosophy, copies of teaching evaluations (if available) and contact information for three references. All applications must be submitted through the applicant tracking system via the following link:
