

From: Bryan Wilson
Subject: Multiple Positions Open Throughout Montana-Big Sky Watershed Corps-AmeriCorps

Big Sky Watershed Corps-AmeriCorps Member

GAIN PROFESSIONAL EXPERIENCE AND HELP PROTECT AND PRESERVE MONTANA'S WATERSHEDS!

Primary duties of the Big Sky Watershed Corps Member (CM) include working with the Host Site staff to complete tasks related to project design and implementation, community outreach and education, volunteer generation and management and reporting functions. The CM works under the direct supervision of the Host Site Supervisor and the Big Sky Watershed Corps Program Manager to ensure successful completion of program objectives. The CM is an AmeriCorps Member and is entitled to the benefit package offered to all AmeriCorps Members

BSWC members develop projects to protect local water resources, such as watershed inventories, stream and riparian restoration, re-vegetation projects, drought planning, water quality/quantity monitoring, riparian fencing, river clean-ups, abandoned mine reclamation, and irrigation improvements. BSWC members also promote watershed health and natural resource conservation through outreach and education. They engage with local communities through lessons in schools, community field days, workshops, and trainings. They develop curriculum, focus on issues with local solutions, implement outreach initiatives, and organize public meetings and events for community stakeholders. BSWC members consistently engage volunteers for training and events that relate to watershed health and protection. Members also develop a skilled and influential recurring volunteer-base to support local efforts.

Term of Service: 1/8/18-11/16/18

Living Stipend: \$557 biweekly

Education Award: \$5,815 upon successful completion of the program

-

- Work with schools and/or youth groups to develop field projects or educational presentations.
- Maintain accurate personnel, safety and project records.
- Complete and submit required program reports in a timely manner.
- Help complete and submit relevant grants.
- Help develop and write watershed-related plans, proposals and reports.

The Big Sky Watershed Corps (BSWC) is an AmeriCorps program created through collaboration between the Montana Conservation Corps, the Montana Watershed Coordination Council and the Soil and Water Conservation Districts of Montana. The BSWC utilizes community based initiatives to protect, preserve and restore local watersheds throughout Montana.

Qualified individuals with disabilities and those from diverse backgrounds are strongly encouraged to apply. We provide reasonable accommodations for qualified individuals and are an equal opportunity employer
