

**From:** Amy Arnett  
**Subject:** Applications being accepted for a Masters in GIS and Certificate in GIS

---

Applications are now being accepted for the Masters of Environmental GIS program at Unity College. This is a 30 credit, technical-skill based Master's program. A 15-credit GIS certificate is also offered, along with our Masters of Sustainable Natural Resource Management and Masters of Sustainability Science programs.

These programs provide technical and professional skills needed in the field and for building your career. They are online, affordable, flexible, and taught by nationally-recognized experts.

Unity College is well-known for its sustainability and environmental programs, small classes and experiential learning environment.

All programs begin October 23, 2017. For more information, please go to: <http://online.unity.edu/>

Please feel free to contact me by email ([aarnett@unity.edu](mailto:aarnett@unity.edu)) if you have any questions.
