

*The Federal Highway Administration's Office of Freight Management and Operations (HOFM) and the European Commission's (EC) Directorate-General for Mobility and Transport invite you to attend the next webinar in their urban freight series:*

# United States and European Examples of Urban Freight Fleet Electrification

**Wednesday, November 01, 2017  
11:00AM to 12:30PM EDT, UTC -4**

U.S. Department of Transportation  
**Federal Highway Administration**

European  
Commission

*United States*

## **Houston Metro's Clean Fleets Pilot Program**

**Eulois Cleckley**  
Deputy Director

Houston-Galveston Area Council

*European Commission*

## **Rotterdam's Experience in the European FREVUE Project**

**Jos Streng & Richard van der Wulp**  
Municipality of Rotterdam  
Freight Electric Vehicles (FREVUE)

This webinar will focus on the deployment of electric freight vehicles in both the U.S. and Europe, sharing examples of how the public and private sectors have collaborated to improve metropolitan freight operations while reducing emissions.

The intended audience is both U.S. and international freight planners and practitioners at all levels of government; information relevant private sector freight logistics coordinators will also be presented.

**TO ATTEND THE WEBINAR, PLEASE [CLICK HERE](#) TO REGISTER BY MONDAY, OCTOBER 30, 2017**
