Subject: Adventure Scientists is hiring- Technology Systems Manager

[Adventure Scientists](#) is hiring a Technology Systems Manager to join our team in Bozeman.

Adventure Scientists equips domestic and international partners with data collected from the outdoors that are crucial to addressing environmental challenges. By leveraging the skills of the outdoor community, we gather difficult-to-obtain data, at any scale, anywhere.

Please check out our [job board](#) for more information and application instructions. We are accepting applications until 5 pm on January 21st.

Cheers and thanks!
