

**From:** Antoine Guisan  
**Subject:** New position as Assistant professor in Ecology, Univ. Lausanne, Switzerland - new link

---

Dear colleagues,

Sorry for cross-posting, the link in my previous email did not work for all, so resending it with a simpler one below.

A new position as

ASSISTANT-PROFESSOR tenure-track in ECOLOGY (junior researcher profile)

is now open at the Department of Ecology & Evolution (DEE; [www.unil.ch/dee](http://www.unil.ch/dee)) of the University of Lausanne (UNIL; [www.unil.ch](http://www.unil.ch)). See advertisement at:

(copy the full link above in a browser if it gets cut in multiple lines)

Please distribute widely to any potential candidate.

The University of Lausanne is a higher teaching and research institution composed of seven faculties where approximately 14,300 students and nearly 3,800 collaborators, professors, and researchers work and study. Ideally situated along the lake of Geneva, near Lausanne's city center, its campus brings together over 120 nationalities. The Department of Ecology and Evolution has a long track record of excellence in research. It is located on a beautiful and vibrant campus on the shore of Lake Geneva, sharing the site with the Federal Technical University, EPFL. A start-up package, a state-of-the-art research infrastructure, as well as a yearly research allowance for positions and consumables will be available within an environment favouring collaborations.

Applications should be posted online through the UNIL recruitment system by March 31st, 2018 (23:59 GMT+1). Seeking to promote an equitable representation of women and men among its staff, the University encourages applications from women.
