#### Mississippi State University Marine Fisheries Ecology Internship

The Mississippi State University Marine Fisheries Ecology Lab is seeking an intern to work under the direction of Dr. Marcus Drymon and extension program associates at the Coastal Research and Extension Center (CREC) in Biloxi, MS. Paid internship is available for a six-month period starting April 1st and ending September 30th.

Qualified applicant will assist with various field projects, primarily aiding chief scientists with bottom longline surveys throughout the northern Gulf of Mexico. Applicant will be responsible for helping to prepare and deploy gear, assisting with field dissections, sample collection, data collection and entry, as well as other various laboratory processing tasks.

To apply, submit an application, resume/CV, and names of three references through online google form. Application deadline is March 15, 2018. Position may be filled before deadline. For any questions, please email [marinefisheriesecology@gmail.com](mailto:marinefisheriesecology@gmail.com)
