

Plateau Select

Plateau Select is a unique program that works to connect members with the UT Gardens, Crossville and the UT Plateau Research and Education Center by allowing participants to purchase shares of our harvest.

Members will pay an upfront fee. Once expenses are paid, the remaining funds will be used to support a Garden Coordinator for the Plateau Discovery Gardens.

***Limited to the first 50 participants.**

If you have any questions, please contact Plateau Research & Education Center (931) 484-0034, or email jburns35@utk.edu.

What do participants get?

- Members will receive a ½ bushel box of fresh produce locally grown on the UT Plateau Research and Education Center for 20 weeks.
- Box content will vary, but will feature a variety of seasonal vegetables.
- Several of the vegetables will be varieties from the All American Selections Trials.
- Opportunity to provide feedback on crops received.
- Other vegetables will include the popular UT tomatoes, peppers, and cucumbers.
- Recipes and prep instructions for selected crops.
