

# HERITAGE HARVEST FEST

*SEPTEMBER 21-24, 2018*

Explore Thomas Jefferson's Monticello! Stimulate your senses and engage your mind as you attend seminars on the grounds during the Heritage Harvest Festival. Thomas Jefferson is considered America's first gardener, so an exploration of the gardens is a delight for any plant lover! The opportunity to enjoy some of Virginia's finest culinary delights, as well as options to taste the bounty of wine and ciders abound. Pick apples at the world-famous Carter Mountain Orchard or craft your own personal glassware design at the Glass Palette! Take a step back in time to discover James Monroe's Highland Estate, Smithfield Plantation and the Appomattox Courthouse. From farm-to-table dining experiences to excellent wine, from historical heritage tours to gardens galore, there is a little something for everyone on this learning journey! [Join with us September 21-24, 2018!](#)
