

Zoom-side Chats

Many of you were looking forward to spring events like the AAG and TNGIC in part so you could meet professional geographers and learn about potential careers. Since that couldn't happen this spring, we have decided to bring some of these geographers to you. Please join us for virtual conversations with some of our friends and colleagues from across the United States. We will continue to host these events for as long as there is interest.

Upcoming Guests

Thursday May 21, 2020 3:30 pm ET

Ian McRae is a landscape architect who focuses on green infrastructure in the urban environment to mitigate the impacts of climate change. Ian was a visiting professor here at UTK and currently teaches at UC Berkeley. Join us to learn how you can translate a career in NASCAR to urban design.

Thursday May 28, 2020 3:30 pm ET

Trent Hare is a cartographer with the USGS in Flagstaff, Arizona with a special emphasis on planetary data. Trent works at the intersection of GIS, cartography, and big data helping to plan missions like the upcoming Mars 2020 rover. You can also find Trent's work on various ArcGIS Online platforms and gracing the cover of the ESRI Map Book.
