

Geography 549: GIS for Transportation (Topics in the Geography of Transportation)

Spring 2021, 2:50 – 4:05 PM on Tuesdays & Thursdays (online)

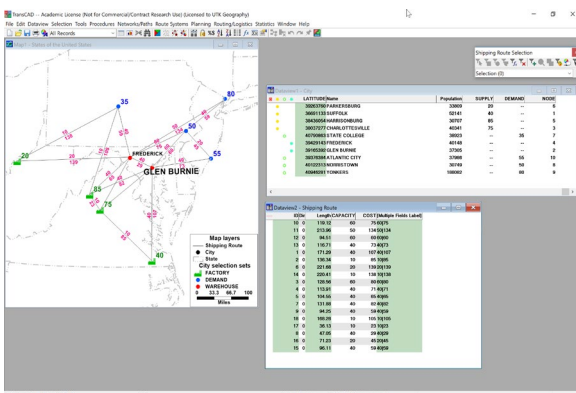

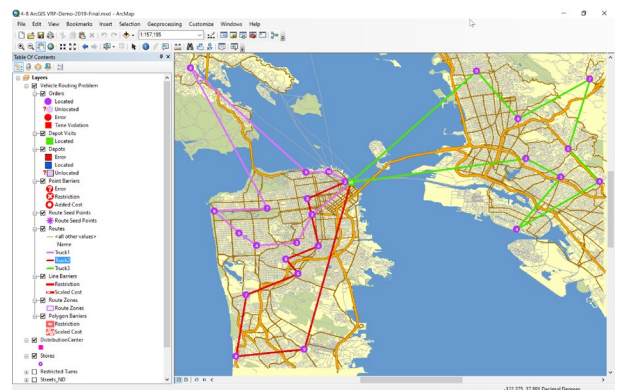

Dr. Shih-Lung Shaw, Department of Geography, UTK

(<https://gisgeography.com/10-global-transportation-maps/>)

- Are you interested in learning how to use geographic information systems (GIS) to solve transportation and logistics problems?

- You will learn the concepts and gain hands-on skills of using TransCAD and ArcGIS software in various transportation and logistics applications.

- Work with transportation and logistics problems such as routing problems, network flow problems, facility location problems, and travel demand models.

Contact Dr. Shih-Lung Shaw at sshaw@utk.edu for additional information.
