

UT ONE HEALTH INITIATIVE

Lunch & Learn Seminar Series

This series brings together speakers from across UT, the nation, and world to discuss their work and how they tackle current global challenges.

From decreased biodiversity to increased anti-microbial resistance, the health of all living organisms is affected by the health of others.

This series will explore how solutions can be achieved by viewing these problems through a One Health lens.

Thursday, May 27, 2021 | 12 - 1pm EST

“Dirty Doctors and Pestilent Puppies: Modeling Infection Control in Humans and Animals”

Dr. Eric Lofgren

Assistant Professor

**Paul G. Allen School for Global
Animal Health**

Washington State University
