INNOVATION FELLOW**

APPLY NOW

Application Deadline

January 31, 2024
11:59PM ET

ELIGIBILITY

Participants must have received their Doctoral Degree within the last 60 months or will have received their degree by June 30, 2024

Preferred Qualifications Include

- Knowledge of statistical analysis programs or languages such as R or Python.
- Strong attention to detail.
- Knowledge of social, behavioral, and/or economic sciences.

ABOUT THE FELLOWSHIP

The Office of the Assistant Director of the Social, Behavioral, and Economic Sciences (SBE) Directorate at the National Science Foundation (NSF) seeks an Innovation Fellow (SBE Innovation Fellow) to provide scientific, research, and program management expertise to cross-cutting SBE directorate opportunities, such as the Centers for Research and Innovation in Science, the Environment, and Society (CRISES) program.

Activities include, but not limited to:

- Learning to contribute to existing and emerging SBE Office of the Assistant Director/Office of Multidisciplinary Activities grant programs and other scientific initiatives.
- Exchanging knowledge bidirectionally with SBE program staff about how to apply disciplinary and general statistical and programming techniques to evaluate program effectiveness and identify new opportunities for funding.
- Collaborating with SBE communications to increase awareness of the value of the research supported by SBE.
